Medical Device Related Pressure Injury (MDRPI) Prevention – What’s the Evidence?

PRESENTER: Joyce Pittman PhD, ANP-BC, FNP-BC, CWOCN

BIO: Dr. Joyce Pittman has over 38 years in clinical practice including 18 years as a Wound, Ostomy, Continence (WOC) nurse, 14 years as a Nurse Practitioner. Dr. Joyce Pittman is both clinician, nurse researcher, and educator providing system-wide WOC expertise at Indiana University Health- Academic Health Center and Indiana University School of Nursing. Dr. Pittman is Deputy Editor for the Journal of Wound, Ostomy and Continence Nursing, active at the national level in the WOCN Society, a Director on the National Pressure Ulcer Advisory Panel (NPUAP), has authored numerous journal articles and book chapters, is a national speaker regarding WOC conditions and issues, and is a consultant regarding complex wound and ostomy management. Dr. Pittman’s practice and research is focused on improving the quality of life of those individuals with wound, ostomy, and continence conditions.

OBJECTIVES:

1. Define medical device related pressure injuries.
2. Describe current evidence related to medical device related pressure injury prevention.

THANK YOU TO THE FOLLOWING COMPANIES THAT HAVE PROVIDED SUPPORT FOR THIS WEBINAR:

*** Limited space available. Open to the first 1,000 participants. CEU CREDIT AVAILABLE 1.0 hour; Multidisciplinary**

Category 1

Creighton University Health Sciences Continuing Education designates this enduring material for a maximum of 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAPA accepts AMA category 1 credit for the PRA from organizations accredited by ACCME.

Nurse CE

Creighton University Health Sciences Continuing Education designates this activity for 1.0 contact hour(s) for nurses. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

CDR (Dietitian)
